

## ***Press Release***

# **CAP Wireless Signs Component Solutions to Roster of Manufacturers' Representatives**

## ***Partnership Will Provide Focused Product Service and Support to Customers in Northern California and Northern Nevada***

**NEWBURY PARK, Calif. — April 28, 2008 —** CAP Wireless, Inc. (CAP), a leading supplier of high-performance microwave and RF amplifiers and amplifier-based subsystems, today announced that in order to provide localized service and support to customers in the Northern California and Northern Nevada regions, the company has signed Component Solutions of San Jose, CA, as a manufacturers' representative. Component Solutions specializes in providing technical services and support to microwave/RF and fiber optic customers in the military, communications, test and measurement, and medical markets.

“Our customer base in Northern California and Nevada is expanding rapidly and demand for our specialized amplifier solutions is growing,” said Skip Hoover, vice president of sales at CAP. “We are confident that our partnership with Component Solutions will ensure that customers in this region receive the same high level of focused service and support we provide to customers throughout the world.”

Anthony Tobacco will be CAP's dedicated resource at Component Solutions. He can be reached by telephone at 408-927-6800 or email at [atobacco@csrep.com](mailto:atobacco@csrep.com).

### **About CAP Wireless**

CAP Wireless develops and manufactures a broad range of RF and microwave amplification products and related subsystems for homeland security, defense electronics, and commercial microwave markets. The company's Spatium™ product line provides extremely broad bandwidth, high-power, solid state amplifiers for applications such as electronic warfare (EW) systems, radar and communication systems, laboratory instrumentation, and electromagnetic compatibility and interference testing. Applications currently in development include high-power amplifiers for radar, microwave imaging, and satellite and terrestrial communications systems. CAP Wireless, Inc. is a privately held corporation headquartered in

Newbury Park, CA. For more information about CAP Wireless and its products, please call 805-499-1818, email [info@capwireless.com](mailto:info@capwireless.com), or visit [www.capwireless.com](http://www.capwireless.com).

CAP Wireless and Spatium are trademarks of CAP Wireless, Inc. All other registered marks are the property of their respective holders.
